

Teacher's Day Celebrations

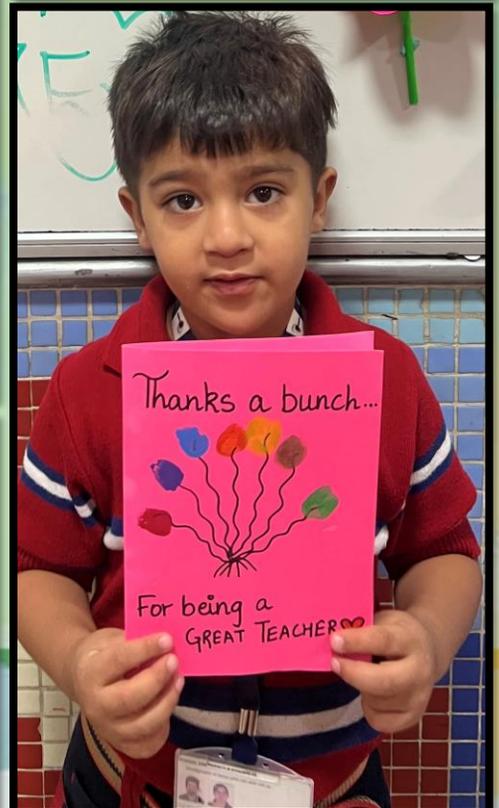

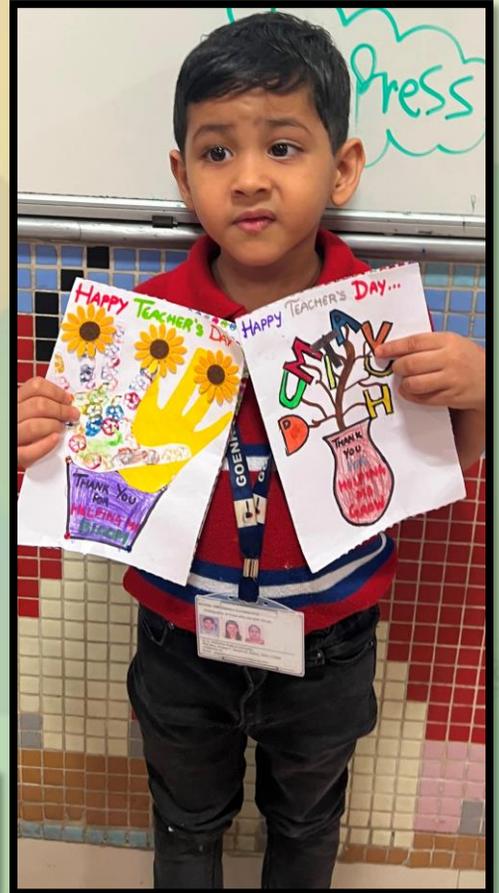

"Your heart is slightly bigger than the average human heart, but that's because you are a teacher."

~ Aaron Bacall

The true inspiration of a teacher are her students. They are the key source of her motivation and empowerment. Each and every success story shared by the teachers, is believed to be a concoction of students' love, respect, zest and gratitude..

On this Teacher's Day, our little ones amazed their teachers by expressing their feelings in the form of colourful cards, picture drawing, exhibit and express sessions and preparing their gratitude wall in collaboration with their peers.

We are sure the mentors will cherish these blissful moments forever..

Goenkan Chef

"No one is born a great cook, one learns by doing." - Julia Child

Bringing kids into the kitchen can be beneficial for them in numerous ways. It takes a little flexibility and some simple prep work for a pre -schooler to enjoy this adventure. The monthly event 'Goenkan Chef (Cooking without fire)' was organised for the little chefs of class Nursery wherein they enthusiastically cooked their favourite recipes. The activity definitely provided a platform to the young Goenkans to experience creating yummy meals and helped in building their self-confidence and laid the foundation for healthy eating habits. Happy Cooking!

Workshop on Nutrition

"The doctor of the future will no longer treat the human frame with drugs, but rather will cure and prevent disease with nutrition."

~Thomas Edison

A special session organized for our Junior school laid stress on the fact that good nutrition is all about eating a balanced diet and making healthy food win over junk.

Our respected parent from class KG-D, Dr. Rashima Arora left our Kindergarteners enlightened and much more willing to go for a healthier eating regime than they are doing right now.

She is a clinical nutritionist, who spared her valuable time and conducted an interactive and informative workshop with our little ones. We are sure the session would have a long-lasting effect on our students and they will definitely ask for the nutri-yummy foods in place of only yummy!

Kidzania

The objective of education is to prepare the young ones for their holistic development. With this view in mind, a day-long excursion to Kidzania was organised for Junior School students. Kidzania is a safe, unique, and interactive indoor theme park that empowers, inspires & educates kids through real-life role-play activities. The students participated in various activities with a lot of enthusiasm that rejuvenated their minds and spirits and these activities boosted their confidence levels and equipped them with life skills such as teamwork and time management. The scrumptious delights served to them was an icing on the cake. We are sure the day will be cherished by the little ones and the learning will take their curiosities to the next level.

Kidzania

Book Week

"There is more treasure in books than in all the pirate's loot on the Treasure Island."

- 'Walt Disney'

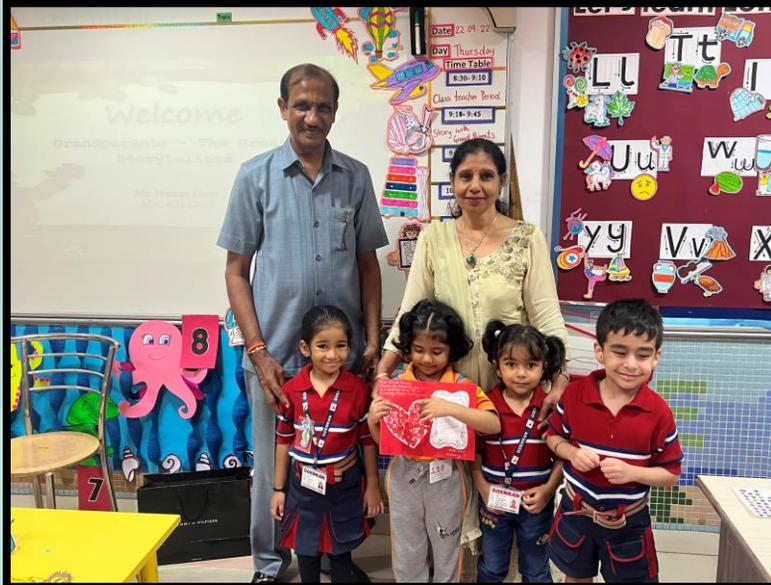

It is a well-known fact that books are one's best friends and one can never be alone when there are books in the surroundings.

Our young learners were ecstatic to experience the magical aura that the world of books offer, during the 'Book Week'.

Our little Goenkans showcased their unparalleled talents while they presented show and tell, ramp walks with their favourite books. We also witnessed their unmatched creativity while they prepared book covers, crafts and bookmarks with their nimble hands. Our dear Grandparents too became a part of the week and shared their magical stories with the children in the classroom. We are sure, it was the right mix of fun and learning!

Book Week

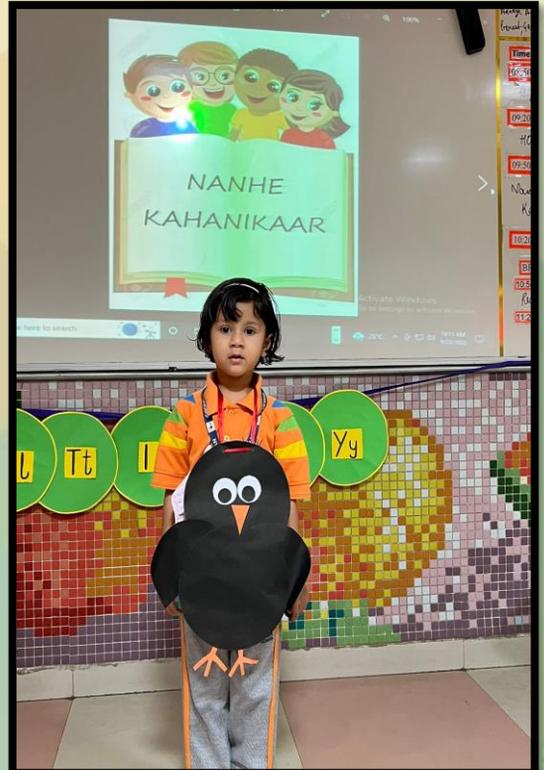

Nanhe Kahanikar

“It’s not magic that takes us to another world – it’s storytelling.”

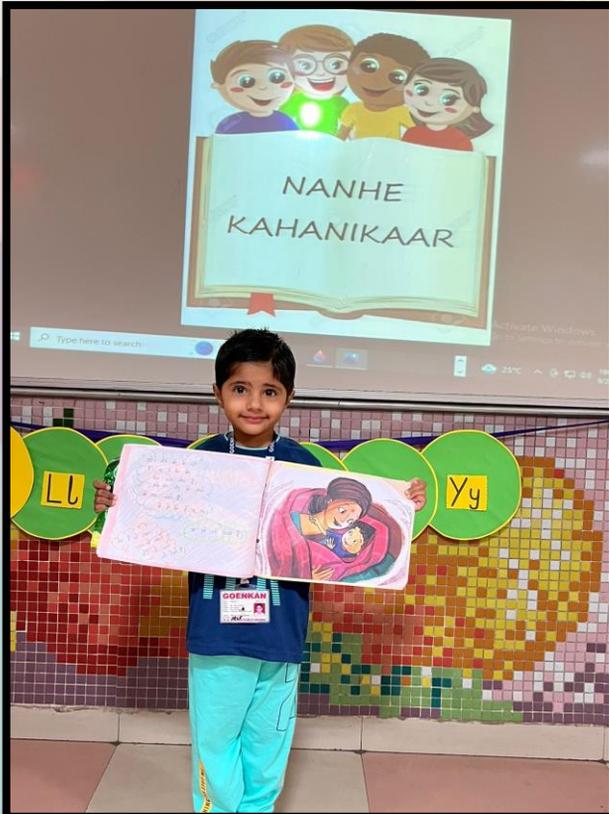

— Val McDermid

Storytelling provides children with a window to new worlds. It gives them the opportunity to learn new ideas and information thus learning valuable life lessons. The sweet little story tellers of Nursery came up with engaging and exciting stories in Hindi language, to narrate in the monthly activity ‘Nanhe Kahanikar’. It was truly mesmerizing to watch the children participate in this oral tradition, a form of art and expression that dates long before movies and even books. They not only used props but also tried to modulate their voices according to the characters in their stories.

Keep up the good work kids!

Nanhe Kahanikaar

Gandhi Jayanti Celebrations

“A man is but a product of his thoughts; what he thinks he becomes.”

-Mahatma Gandhi

On the occasion of Gandhi Jayanti, our little ones from the Junior School gained valuable knowledge about the great freedom fighter and an anti-colonial nationalist, Mahatma Gandhi. They were overwhelmed listening about the worthy efforts of Gandhi ji in securing the long awaited Independence from Britishers. The different exhibits prepared by our young enthusiasts proved to be a great source of learning for them as they went around the exhibition and got enlightened on many inspirational life events of Mahatma Gandhi.

Puppet Show on Ramayna

Dussehra in its true sense means the festival that teaches us to believe in the power of truth, the power of being good and doing good. The story of Ramayana was beautifully depicted through a Puppet show by our Junior school mentors. The children sang the complete Ramayana Katha in the form of a song and carried along the message of the victory of good over evil.

Happy Dussehra to you all!

Dussehra Assembly

"Goddess Durga exists eternally, always abiding in her own sweet nature and inhabits the hearts and minds of her perfect devotees."

On the pious occasion of Navratri and Dussehra, a special assembly was presented by the little ones of KG-B and KG-D. The mesmerizing dandiya dance, various incarnations of Maa Durga, Little Ramayana script and melodious tunes repeating Ram, Ram Jai Raja Ram were the highlights of the presentation. The enchanting festivities marking the victory of good over evil were not only enjoyed by the students but also evoked the true values of integrity and goodness in them.

A very happy Dussehra and Durga Pooja to all of you!

Presentation on Gratitude

“The more grateful I am, the more beauty I see.” – Mary Davis.

Gratitude is believed to be one of the healthiest emotions that humans can practice.

Teaching kids to be “grateful” is important because instilling the sense of this gesture goes beyond good manners. When they learn about gratitude, they become more sensitive towards the feelings of others and develop a feeling of empathy.

The loving teachers of nursery class put up a presentation for the adorable little Goenkans to help them understand the gestures of gratitude. When kids practice being thankful on a regular basis, they pay their gratitude and say thank you to everyone who helps them in their day to day lives like their parents, teachers, friends, etc. It was an enriching session indeed.

Doha Vaachan

“Every child is born a genius.” - Buckminster Fuller

Strongly believing in the notion that values are the root of Indian legacy and children the index of tomorrow, a ‘Doha Vaachan’ activity was conducted in the month of October, 22 for educating the students and to create awareness about historical saints. It was a sheer delight to watch the little munchkins of class Nursery, beautifully recite dohas and shlokas on the occasion of the festival of Diwali and showcase their instinctive flair. The event was truly inspired by the supreme emphasis laid on the preservation of our culture and moral values. Students participated enthusiastically and were highly confident while facing the audience.

Keep up the spirits little Goenkans!

Diwali Celebrations

The joyous and prosperous festival of Diwali is close to the heart of everyone. The celebrations bring with them lots of laughter, positivity and a feeling of oneness.

The same joy was experienced by the little ones of the Junior School during the Diwali celebrations.

The children admired the festivities while learning about its significance and enthusiastically participated in Diwali fun games, crafts, rangoli making and class party.

It was indeed ecstatic to see our children clean, decorate and fill their classrooms with positivity. The memories of the celebrations will enchant us forever.

A very HAPPY DIWALI to all!

Walk of Fame

“You can steer yourself any direction you choose.” – Dr. Seuss

Children are dreamers. When left alone, they will create imaginary worlds and need little convincing when it comes to trying new things. The monthly activity ‘Walk of Fame’ held on 11 November 2022 gave the little munchkins of class nursery a platform to develop their aspirations, thus giving us an opportunity to peep into their minds which are full of hopes as what they want to become when they grow up into adults. It was a sheer delight to watch the children express themselves as what influences them the most in these early years thus making them believe that they want to walk on the same footsteps as their idols.

Kudos kids!

Children's Day Celebrations

"A happy and smiling child is worth all the money in the world."

On this occasion of Children's Day, our facilitators from the Junior School together presented to our little ones a little token of love. It was an amalgamation of mellifluous singing performance, dances, story presentation, puppet show and a stupendous magic show. The little ones were enthralled with the celebrations and took home memories to cherish and smiles to remember.

Parental Tip

Building Quality Family Time

A child's home is the first and foremost faith-building, discipline-making environment that is crucial to a child's development. Good parenting helps a child grow with love and care. During the first phase of your child's life, which we label as the 'Early Years', we focus on bonding and friendship with the family members. Children are more likely to embrace your beliefs and values if they enjoy time with you. That's why family fun times are a great context for effective faith formation.

Make it Fun: Ask each member of the family to share his or her "high" and "low" of the day at dinner or bedtime.

Create a graffiti wall in your home where everyone can write, sketch or put some quotes that are special to them. This might become the most treasured decoration in the home! Family reading experiences give children the chance to ask questions about words they don't understand, which leads to more effective reading.

Reading together is also a great way of creating special bonds. Grandparents / parents can share their own life stories, for e.g., the various adventures that they had had, when they were kids.

With some effort and commitment, this could be a tradition that becomes so cherished that it lasts in your family well, into your children's adulthood.

Be a friend to your child, who is always there to help, love, share true feelings and scaffold at each important developmental stage of your child.

Happy Parenting!
